
Subject	FINAL WARNING LETTER	Date	10th July, 2026
From	Management	To	Driver

Dear Mr.,

This letter serves as your Final Warning following the outcome of the disciplinary process conducted regarding your recent acts of misconduct.

You were previously issued a query for insubordination, to which you responded by accepting full responsibility, apologizing for your actions, and assuring Management that you would comply with directives and avoid any future acts of misconduct. At that time, you were specifically advised to refrain from insubordination and to ensure that all official assignments were carried out diligently whenever assigned.

You subsequently absented yourself from work without official authorization or notification to your Supervisor or the Human Resource Department. Repeated efforts to reach you were unsuccessful. During the investigation, your Supervisor confirmed that you had not officially reported your absence and it was further established that you were seen moving around outside the school premises during the period you claimed to be ill.

Your actions constitute serious misconduct, including:

- Unauthorized absenteeism.
- Failure to comply with established reporting procedures.

Management considers these repeated acts of misconduct unacceptable. You are therefore issued this Final Warning. You are expected to demonstrate immediate and sustained improvement in your conduct, attendance, communication, and adherence to all School policies.

Please be advised that any further act of misconduct, insubordination, unauthorized absence, or violation of the School's policies may result in more severe disciplinary action.

Yours sincerely,

**Cc: Chairman
CEO/DOE**
